RECENT WORK EXPERIENCE

Front-end developer

EquipIndustry

Dec 2019 -- Now Lima - Peru

- I wrote modern, efficient and robust code for a wide range of internal projects
- I worked with a variety of languages and frameworks like JavaScript, TypeScript, React, Nextjs, GraphQL, etc.
- I worked closely with the designers and the commercial team to develop, document and manage the website using Nextjs, css and typescript.
- Use API's to connect the web application with various services and systems.
